Become a Mentor

Be a champion in your community.

iMentor matches every student in our partner high schools with a college-educated mentor – a personal champion to help them on their college journey. You could be that champion.

Our program is tailored for busy professionals and designed to ensure that mentoring pairs have the structure and guidance they need to achieve their goals.

AS PART OF THE iMENTOR COMMUNITY, YOU WILL:

Commit to help a high-school student get to college and graduate: We match every student in our partner high schools with a mentor for a minimum of three years.

Connect online once a week: Students and mentors follow our college success curriculum, which guides their weekly online activities and conversations.

Meet in-person once a month: Pair events provide mentors and students an opportunity to build a strong, personal relationship and work through the college process with the support of iMentor staff and the curriculum.
